

2021/2022 National Capital Outaouais (NCO) U16 Initiative 2nd Communiqué

Happy holidays to all! I'd like to share with you some more info regarding the fast approaching NCO U16 projects.

Project Dates and Locations:

Locations may be subject to change due to the ever-evolving COVID restrictions. If traveling to away camps become unfeasible, we will shift training to local venues

- January 12-14 Mont Blanc
- February 21-23 (location TBC)
- March (TBC)
- April 6-10 Mont Sainte Anne

Camp Format

- Until further COVID restrictions are lifted, camps will be operating as on-snow training only, and parents will be responsible for providing transport, and booking their own lodging and meals for themselves and their children during the camps
- Athletes can expect to be on snow for full days of training with the main focus being GS training in gates
- Video will be uploaded nightly for the athletes to review before the next day's training

Code of Conduct and COVID

- Athletes are expected to follow the code of conduct of the NCO organization and the code of conduct of their home club they represent. The NCO code of conduct will be distributed to invited athletes
- Athletes are to follow the COVID policy as set out by the NCO, and to follow all regional and provincial health guidelines relating to COVID

Costing

- Camps are based around a cost recovery model
- For away camps the fees billed to the parents will be approximately \$105/day. This includes: coaching, lane space, lift tickets, and coach's expenses (lodging, meals, travel). The exact camp fees may vary by location and the number of participating athletes, and will be communicated to invited athletes

We have received the nominations from your club head coaches for the January project. Those selected should expect an invite with further camp details on December 27th. Please keep in mind that due to the lack of current data, this process is far from perfect. The NCO along with the head coaches will continue to adapt our selection process as further data becomes available. We would like to thank the club coaches for all their efforts in working through this process with us. Your efforts are greatly appreciated!

Questions
